City, State and Zip: _____
Phone, email: _____

We are Grassroots

At over 100 years strong, the League of Women Voters is one of the nations most respected community-based grassroots organizations. We are most known for our work in promoting voter engagement and election education, but we also work on local issues ranging from education, environment, health, housing and land use.

We are Nonpartisan

The League does not support nor oppose any candidate for office or political party. Our goal is for every citizen to vote so our elected leaders represent our entire community. We work to connect people with their government.

We study local issues

We provide factual information

We foster civil dialogue on community issues

We promote civics education

We empower voters to make informed choices

We advocate for change
